SIMBA GETI
Software Engineer

👤 Profile

I'm a hardworking and dedicated person with strong, interpersonal skills, IT skills including Networking skills, Graphic &Web Design skills from past and current appointments. I display a strong work ethic, a knack for rapid learning, a cooperative mindset within teams, and an enthusiastic embrace of fresh obstacles, these qualities are integral to my approach. With experience in graphic and web design, I specialize in creating visually appealing, user friendly, and functional designs. My expertise includes developing intuitive interfaces, responsive websites, and impactful branding materials. Proficient in tools like Adobe Creative Suite, HTML/CSS and JAVASCRIPT, I excel at blending creativity with technical expertise to craft seamless digital experiences.
